

Fingerprint Card

Should you choose to teach a class, help with transportation, or supervise lunch or recess, you will need to get a fingerprint clearance card to ensure the safety of all the participants. (<https://www.azdps.gov/services/public-services-portal/fingerprint-clearance-card>)

If you are not eligible for a fingerprint clearance card, you will not be allowed to be alone with participants other than your own children. You can still help with fundraisers, getting sponsors, or organizing field trips.
